

Made In Spain

## SWO Adjustable Wrenches

Super Wide Opening Sizes: 6", 8" and 10"

- Compact handle with large head capacity for where accessibility is a problem (e.g. Plumbing or Automotive), or where light weight is an advantage such as Maintenance applications
- 6" SWO opens up to 1.3/8" (34mm), 8" SWO opens up to 1.1/2" (39mm) 10" SWO opens up to 2" (53mm)
- Non-protruding jaw shank
- Replaceable Rubber Grip prevents damage to adjacent surfaces in confined spaces and allows more comfortable application of greater force on its shorter handle
- Longer, thinner Jaws for greater accessibility
- Made from Chrome Vanadium steel
- Ideal for Maintenance, Plumbing, Automotive etc
